

1450 North Milford Rd., Highland, MI 48357 Ph: 248-887-4111 ~ Fax: 248-887-9190 www.numatics.com

Date: 11-12-04 Number: PB04013
 To: All Numatics Distributors- Inside and Outside Sales Personnel
 From: Technical Services Department
 Product: G2-2 Analog I/O Modules

Numatics is pleased to announce the availability of Analog I/O Modules for the G2-2 Series Electronics. These modules can be used on any of the industrial protocols supported and as 1 or more of the 6 possible modules on the Discrete I/O side of a Fieldbus assembly. These can be used in processing a variety of analog input signals from devices such as pressure, temperature, and level sensors, etc. They can also be used to control analog devices such as proportional regulators, E/P and I/P transducers, etc. The input resolution is 12 bits (4096 counts) and the output resolution is 16 bits (65,536 counts). The electrical connections are 4 pin female 12 mm (Micro) connectors and the modules are designed to meet NEMA 4 / IP65 requirements.

The following modules / configurations are available:

Model No.	Description	List Price
239-2156	3 Inputs / 1 Output 0 – 5 VDC	\$240.19
239-2154	3 Inputs / 1 Output 0 – 10 VDC	\$240.19
239-2158	3 Inputs / 1 Output 4 – 20 ma	\$240.19
239-2155	2 Inputs / 2 Outputs 0 – 5 VDC	\$240.19
239-2153	2 Inputs / 2 Outputs 0 – 10 VDC	\$240.19
239-2157	2 Inputs / 2 Outputs 4 – 20 ma	\$240.19
